

Terminal Safety Protection

Q 48

Q 72

Q 96

Q 144

Application

Protective sleeves or full - sized rear covers provide protection against accidental contact of instrument terminals. They are safe against back-handed and fingertip contact.

The protective sleeves of the K Series will simply be attached to wire clamps and resistors. The wire clamps remain fully accessible.

The protective sleeves of the M Series will be attached to the meter terminals fitting tightly. The cover top can be reopened and closed in case new wiring becomes necessary.

The full - sized rear covers and the terminal covers click into recesses in the meter bottom plate, however can easily be removed.

Mechanical Data

material thermoplastics
type

for use with K Series meters

full-sized rear cover suitable for instrument sizes 48 x 48, 72 x 72, 96 x 96, 144 x 144
protective sleeves suitable for instrument terminals using hexagon studs with wire clamps E3 and M4 screws

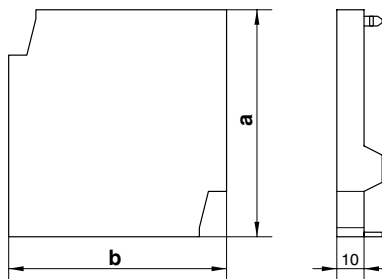

for use with M Series meters

terminal cover suitable for the most applied meters of sizes 72 x 72, 96 x 96, 144 x 144
protective sleeves SW 6 suitable for voltmeters and ammeters up to 4 A rated current
protective sleeves SW 10 suitable for ammeters exceeding 4 A up to 30 A rated current
rubber nozzle suitable for meters with screw terminals M5 or M6

Dimensions

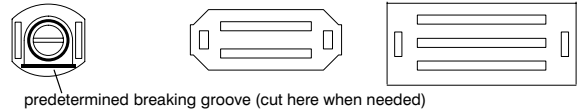

Contact Protection K Series

full-sized rear cover

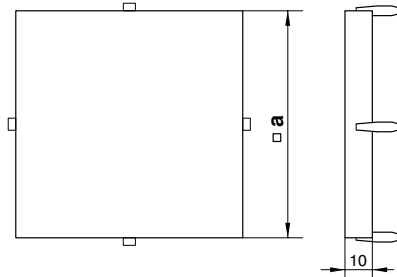

dimensions (in mm)	Q 48 K	Q 72 K	Q 96 K, Q 144 K
a	42.5	66	90
b	42.5	66	86

protective sleeve to fit on wire clamp E3 to fit on resistance to fit on BIQ/BIEQ 96 K

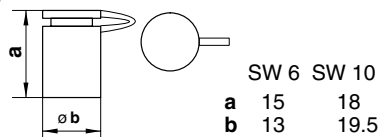

Contact Protection M Series

rubber nozzle

Ordering Information

type	terminal safety protection
to suit K Series meters	
full - sized rear cover	suitable for meter forms Q 48, Q 72, Q 96, Q 144
protective sleeves (packed in pairs)	for meter terminals using hexagon studs with wire clamps E3 and M4 screws
to suit M Series meters	
terminal cover	suitable for most applied meters of forms Q 72, Q 96, Q 144
protective sleeves SW 6 (packed in pairs)	for voltmeters and ammeters up to 4 A rated current
protective sleeves SW 10 (packed in pairs)	for ammeters exceeding 4 A up to 30 A rated current
rubber nozzle (packed in pairs)	suitable for meters with screw terminals M5 or M6

ordering example 1

1 pair protective sleeves SW10 to suit EQ 144 K (K Series)

ordering example 2

1 terminal cover to suit PQ 96 RS (M Series)
