

To our business partners

Nuremberg, February 2018

Minerals from conflict countries

Dear Madam,
dear Sir,

with pleasure we confirm that we do not carry out direct imports of conflict minerals such as columbite tantalite, cassiterite, gold and wolframite.

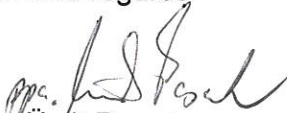

With this letter we want to inform you that we are exclusively using and manufacturing electrical elements and components from well-known manufacturers and distributors with a long-standing and trustworthy business relation.

Based on the present state of our knowledge, we are not receiving nor using any conflict minerals from our suppliers from countries such as Angola, Burundi, the Democratic Republic of the Congo, the Republic of Rwanda, Zambia, Sudan, Tanzania, Uganda and the Central African Republic.

Consequently we can say that based on our present state of knowledge we are not using conflict minerals in our company. We are not able to issue a guarantee. But surely we feel obligated to be sensitive towards this subject and to reassure ourselves among our suppliers within our possibilities.

We hope we have helped you with this information.

With kind regards

ppa. Umit Parsak
Assistent der Geschäftsleitung
